美国EB-5投资移民自1990年实施以来，政策稳定，运作规范，成功案例较多，同时，投资人只需满足连续5年投资50万美元并创造10个就业机会即可全家移民美国，无语言学历等要求，因此颇受投资人青睐，2012年、2013年EB-5更是进入了申请的爆发期。

The US EB-5 investor immigration program, since its implementation in 1990, has been very stable with standardized operation, and has achieved a lot of successful cases. Investors can immigrate their whole family to the US by investing \$500,000 for 5 consecutive years and creating 10 jobs. Since there is no requirement on language skills or educational background, this program has been very quite popular among investors. During the years of 2012 and 2013, EB-5 has entered its outbreak period with a large number of applicants.

由于申请人的大幅增长，EB-5每年在全球的1万个配额被频频问鼎，并且，审理周期已达到历史巅峰——18.8个月。自去年始，美国更是传出EB-5拟将从目前的50万美元上涨到80万美元的传闻，接踵而至的是美国移民局可能将对中国实施配额限制的消息，而眼下似乎是“高性价比”移民美国的最佳时机。

Due to the great increase on the number of applicants, EB-5 is approaching its global annual quota of 10,000. Besides, the processing cycle has reached its historical high - 18.8 months. It has been said since last year that the capital investment for EB-5 may be raised from \$500,000 to \$800,000, shortly after which came the news that the USCIS might apply quota on China. So it seems that now is the best and “most cost-effective” time to immigrate to the US.

与此同时，美国与加拿大同属北美，在社会环境和教育层面有着极高的相似度，是加拿大“一刀切”后的不二之选。

On the other hand, the US and Canada are both in North America. They are quite similar in the aspects of social environment and education. After Canada's "clean cut", the US is the solid choice after Canada.
